## NOTHING SUCCEEDS LIKE SUCCESS

During the past two years we have treated 140 cases suffering from all forms of rectal diseases. Two years is sufficient time to test the permanency of a core. Our treatment has been thoroughly tested and has not been found wanting in a single instance. That we have been successful no one can deny. In every instance where we have promised a cure, the cure has been effected, and in no case have we been paid one cent until the patient was satisfied he was cured.

We number among our former patients some of the most responsible people of Wichita and the southwest. Below we give you the cumulative evidence of our success in the past two years. This should be sufficient evidence to convince any reasonable person of our ability to cure rectal diseases.

for the courterus kindly me, and hope that others of may take advantage unity offered by you to be and women. If you can

JOHN S. HOUCK.

# PRESSED DOWN

Chicago.

Chicag a little the better of the argument. Sep-termiser wheat closed a shade lower, the center wheat he down, 5-ptember corn the tower December corn held to higher, the content of higher lower and Septem-her cars to higher. Junuary provisions thesed 25-975; tower.

Weather was the principal factor in

morning would see from northwest. This held prices storty for a few moments. Traders then became convinced that the weather map showing fairly water and dry weather was just what was wanted to start the heavy spring wheat movement and began selling freely of September. Cables were weak, shipments were heavy, carefully from Russia and prices many, carefully from Russia and prices heavy, carefully from Russia and prices from the trade in the last first large and the seal and tradering to louds taken and Dututh shipped 2 hours for taken and Dututh shipped 2 hours from the Lorentz that regardless of heavy movement expected northwest were only about ment expected northwest were only about nelf last year's figures and grading was sain poor started a reaction. September started he lower to the up, at Unjuly, and fell off to Take December opened rally that followed December received our support than September and closed steady, a shade down at the September closed weak by down, illy, Lend receipts were 158 cars, one of contract grade. Minneapells and Delath reported all cars mixing a total for the three points of VII cars against Lall cars last year. Primary receipts were 1,25,36; west. reat. Primary receipts were 1.70.300 bushels a grant 1.92.000 bushels a grant can Seaboard therapares in wheat and four equaled 13.000 bushels. Breadstaffs a passage increased 2.04.000 bushels. The visible supply increased 40.300 bush-

The corn belt had werm weather resterist. This was particularly significant to the bears who said stuff freely and prices declined. September developed a nerhous weakness and said off Fig. at one time, regardless of the fact, however, that ten days more will put the corn generally in a safe position. The built saw in the lower prices and free offerings simply an opportunity for additional profits. While September ruled weak, the other months appointed by December. MACY, No. 134 North Main Street. other meeths openinty December, re-ceived excellent support. Trade after the first bear was not settler, but anything that was offered at law prices was taken in quirkly. The hears argued weak ca-tice increased receipts and good weather conditions. Against these factors was ararrayed cash corn at No premium over For Sale by J. December, stocks lowest on record, 2 Douglas Avenue, country side swept almost clean of mer-

chantable corn, a late harvest and hoge seeming at prices which makes it profitable to feed the corn rather than 10 sell it. September started highlic down at 578,957. dipped to 58 and closed weak 15g off, at 57g. December sold at 50, but railed to a firm close. Market 10 cars, 19 of contract grade.
